Glacé Collection

RAGNO 

RAEP Glacé Turchese Glossy Struttura Rayé 7x20cm

Glacé

Inspired by the charm of handmade surfaces, Glacé is a ceramic collection with a lived-in character. The range includes Bianco, Turchese, Avio, Mastice, Muschio and Blu Notte in the 7.5x20 size. The collection is completed by the Rayé 3D structure and regular edges with slight movement, together with clay-toned details that recall the absence of glaze. Sublime Sync technology enhances the aesthetic continuity of the surface across all shades and visual schemes.

Technical Characteristics

-  Frost proof
-  Resistance deep abrasion

Destinazioni d'uso

D	G
Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.	Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.
E	H
Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.	Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.
F	
Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.	

Color variations

V0	V3
Monochromatic - V0: tiles of the same shade are very uniform, in just one colour	Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material
V1	V4
Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run	Ubstantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
V2	
Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run
