Nodis

A wood-like material with natural rhythm defines Nodis, a porcelain stoneware collection with tactile character. The collection includes the colours Rovere and Natural, in 5.3x30, 10x70, 11x54 and 20x120 sizes, also available in 20 mm for outdoor use. The surfaces interpret wood with lively shade variation and offer continuity between indoor and outdoor spaces. Ideal for graphic inserts, partitions and coordinated floors, it brings warmth and visual depth.

Technical Characteristics

-  Frost proof
-  Resistance deep abrasion

Destinazioni d'uso

D
Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.

E
Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.

F
Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.

Color variations

V0
Monochromatic - V0: tiles of the same shade are very uniform, in just one colour

V1
Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run

V2
Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run

G
Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.

H
Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.

V3
Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material

V4
Substantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
