

WOOD EFFECT

Woodsoft Collection

RAGNO 

R14J Woodsoft Beige Rt 20x120cm

Woodsoft

The delicacy of oak inspires Woodsoft, a wood-effect porcelain stoneware collection with a warm, measured character. The range comes in Bianco, Grigio, Tortora, Beige SC and Beige CH, in the 20x120 size. The surfaces recall knot-free wood species, crossed by soft, natural veining. Ideal for residential and commercial spaces, it offers versatile solutions and a welcoming elegance, to be freely interpreted according to personal style.

Technical Characteristics

-  Frost proof
-  Resistance deep abrasion

Destinazioni d'uso

- D**
Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.
- E**
Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.
- F**
Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.

Color variations

- V0**
Monochromatic - V0: tiles of the same shade are very uniform, in just one colour
- V1**
Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run
- V2**
Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run

- G**
Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.
- H**
Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.

- V3**
Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material
- V4**
Substantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
