

CONCRETE LOOK

Powder

MARAZZI

Powder

Between urban solids and surfaces crossed by light, Powder interprets in porcelain stoneware a concrete look with an irregular pattern and soft shading, for residential and commercial spaces. The range includes Sand, Mud, Smoke, Crete and Graphite in 30x60, 60x60, 75x75 and 75x150 sizes. The Liberty décor and Spina mosaic expand the compositional possibilities. Tecnico technology completes a collection also suited to outdoor spaces, for contemporary settings.

Legenda

Destinazioni d'uso

D
Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.

E
Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.

F
Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.

G
Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.

H
Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.

Variazioni cromatiche

V0
Monochromatic - V0: tiles of the same shade are very uniform, in just one colour

V1
Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run

V2
Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run

V3
Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material

V4
Substantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
